

CHRISTINA FARLEY is the author of the Gilded series, a YA contemporary fantasy series set in Korea. GILDED was nominated for Korea's 2014 Morning Calm, Ohio's 2015 Buckeye award, and the Tome's It List. As a child, she loved to explore, which later inspired her to jump on a plane and travel the world. Christina's adventures sparked her to write stories, infusing the real world with fantasy. Currently she lives in Clermont, FL with her husband and two sons working on her upcoming middle grade, *THE PRINCESS & THE PAGE*, to be published spring 2017 through Scholastic Press.

Coming January 2017

A girl whose dark fairy tale comes to life after writing it with a magical Word Weaver pen must find a way to rewrite her fairy tale before all those she loves are lost. Set in a castle in France, those who love fantasy, fairy tales, and a little bit of magic will find this contemporary fantasy right up their alley.

Professional Reviews:

"An amazing contemporary fantasy that explores the vast legends of Korea, this richly detailed novel kept me turning the pages well into the night. Jae Hwa starts off as a strong character and ends as a noble one, using both her brains and her brawn to win the day—she's exactly the kind of girl YA literature needs." ~from *Beth Revis, NY Times Bestselling author of Across the Universe series*

"Farley brings South Korea's fascinating culture and mythology into vivid detail in this shining debut, and Jae is a compelling heroine. An exotic, thrilling read, GILDED had me utterly entranced!" ~from *Jessica Khoury, author of ORIGIN and VITRO*

"The Korean setting and myths make for an interesting backdrop" ~*School Library Journal (GILDED)*

"Offering enough backstory for new readers to jump right in, Silvern will do well in libraries with demand for high fantasy and strong female protagonists, especially those of Asian decent. Additionally, a small side plot involving a visit to North Korea may interest those who would like to learn more about this closed-off country. Recommended." ~*School Library Journal* (SILVERN)

"Energy, adventure, and ancient Korean legends whisk the reader away to lands real and spirit bound. Jae Hwa proves to be a worthy heroine as she accepts the challenge of her life, learns that even tough girls can fall for nice boys, and finds that Korea has become her true home. Further adventures are on the way." —*Booklist*

"5 Stars *Gilded* is an extremely fun book that offers the perspective of a Korean-American teen living in a foreign country. It's also a twist on standard paranormal books, with new monsters and mythical beings. Jae Hwa is a great role model -- a strong fighter who's still unsure she can defeat Haemosu. She's real and believable. *Gilded* also has interesting locales, a romance, side characters, and Korean myth and history. After finishing the first book, readers will be eager to dive into the second one, *Silvern*." — Common Sense Media

Testimonials for Christina Farley

"Christina Farley may be an author now but once a teacher, always a teacher! Flexible, accommodating, knowledgeable, personable and dynamic are a few words that come to mind. Christina was able to develop sessions based on the needs of our school and conducted workshops on 3 different topics while visiting us. She was able to get the content across while captivating her audience. Imagine middle school students who were extremely appreciative and thankful for being invited to

her presentations...and who then not only told their teachers about it, but shared quotes and tips with their friends on Instagram! We would have her back any time!" ~Andrea Parisi, Library Media Specialist, Lake Nona Middle School

"Christina Farley gave an entertaining and engaging presentation including audiovisual materials, funny anecdotes, and souvenir posters for the kids to take with *them*. The students are still talking about her visit." ~Mrs. Iriarte, 7th grade honors/gifted language arts, Celebration K-8 School

"Our author visit by Christina Farley was fantastic! We were totally impressed with her books and with how she presented her information. Her teaching background definitely came through; she knew just how to handle the different age groups. Her presentations had student interaction and great details that held their

interest. Ms. Farley was well prepared, easy to plan with, and very approachable to her fans. Thanks so much to Christina Farley for sharing her *Gilded* series experience with us!" ~Kathy Kersting, Seoul Foreign School, Korea

"Christina Farley visited Lockhart Middle School and spoke to hundreds of students throughout the day. Our students were engaged and loved having a published author come and speak to them. Students said her demonstrations representing the writing process were extremely helpful and memorable. Her background as a teacher is evident and her enthusiasm is contagious. Our students have constantly been asking to check-out *Gilded* and *Silvern* and are continuously asking when Ms. Farley can return for

more book talks! Thank you for providing our students with such a wonderful experience." ~ *Janet Anderson, Media Specialist, Lockhart Middle School*

"Christina Farley came to our elementary school for Teach In this year. Since she used to teach at our school, the kids were very excited to see her. She gave an incredible presentation to the various grade levels regarding her life as a writer. She went through the writing process with them, and she did it in a way that was exciting, engaging, and fun! After her presentation, she signed posters for all of the kids. She gave me a few extra posters for kids who may have not gotten one during her visit. My classroom was a revolving door with excited kids waiting to get their own autographed poster!! They are still talking about it and a few have asked when she will be coming again to talk to them!" ~ *Ms. Dees, 3rd grade teacher at Keene's Crossing Elementary*

"Our students loved interacting with Christina Farley. Her presentation was engaging and informative. Our students were especially responsive to her story about her first rejection letter when she was in fourth grade! Her perseverance in pursuing her dream spoke to them very strongly. Her books were a big

hit and we are all waiting for "Brazen" to come out!" ~ *Tricia Whitaker, Director of Library/Media Services, The First Academy*

"Christina Farley's visit to our school still echoes in our hallways as the students and staff thoroughly enjoyed her educational and captivating lesson on the writing process! The value of this lesson is beyond words!" ~ *Lori Martin, Media Specialist, Edgewater High School*

"Thank you, Christina, for the awesome presentation and the time you gave to our students! I have had such positive feedback about how much "fun" the students had during your visit. Many of the students that attended are the kids that don't "fit in." It was so great to see them happy and excited. You are truly gifted at writing and working with kids." ~ *Donna Perry, Yulee High School*
